

CommandIQ App Feature Breakdown:

Scrollable Quick Link Carousel: Your Experience Hub

Swipe through easy-to-use tools like speed tests and parental controls right on the main screen to find what you need fast—no hunting required.

MyPrioritiesIQ Modes: Managed Wi-Fi That Fits Your Day

Choose “Gaming Mode” for smooth play, “Work Mode” for reliable video calls, or “Entertainment Mode” for uninterrupted streaming.

Easy Self-Install & Onboarding

Set up your Wi-Fi in just a few steps, with clear instructions right in the app.

Real-Time Alerts & Performance Stats: Stay Ahead

Get notifications if your Wi-Fi slows down, plus stats to keep it running smoothly.

People Profiles & Device Recognition: Make It Personal

Create avatars for each family member and see every device on your network. Spot and block unknowns easily so you know who's online and to keep your Wi-Fi safe and secure.

Content Controls & Security: Safe and Sound

Pause the internet for bedtime, filter out unsafe sites and employ network level cybersecurity to block hackers to keep your crew safe online and your network protected.

Made for Everyone:

From kids to gamers to work-from-home parents, there's something for every family member.

Choptank Fiber Mobile

Enhance your use of our super-fast internet with Choptank Fiber Mobile.

Unlimited Data: \$35/month per line

Unlimited text, calling and 30 gigabytes of data, throttled to 256kb/s after the 30 gigabytes is used.

By the Gig: \$20/month per line

Includes 1 gigabyte of data, then \$15 per each gigabyte of data over that amount.

How to sign up: choptankfiber.com/mobile

Go online to pick a plan and sign up. You can keep your existing phone or purchase a new phone, and keep your existing number or receive a new one.

You must be a Choptank Fiber broadband customer with activated service to sign up for mobile service. Call our customer service center for more details: 855-723-2467.

Get started with the app

The app allows you to easily manage your home or small business Wi-Fi network within minutes. Download the app and take control of your Wi-Fi network today!

Step 1

Download the app. You can search for CommandIQ® on the Apple App Store or the Google Play Store, then install it on your mobile device.

Step 2

Enter your email address and location, then select 'Continue' to create your account, configure your system and access Wi-Fi controls and protection.

Step 3

Select an option to install your system as needed.

Step 4

Scan the QR code on your system, or enter the system details manually.

Step 5

Follow the next steps for new system set up.

Step 6

Now that your new system is set up, you can set up your Wi-Fi network.
